**Meet first at the Crepe Vine**

Before the film for Food & Fun

5pm til 6:45

(Across the street from the theater)

Elvis Presley died 40 years ago, on August 16, 1977. We remember him on this date with a theatrical presentation of one of his best concert films. This was his first non-dramatic film, made shortly after his return to live performances, and here he is at his best, both vocally and physically. Share the songs and the memories on the big screen!
